

Northeastern Nevada Regional Professional Development Program

Our Mission Statement:

Our mission is to enhance student learning within the context of the Nevada State Professional Development Standards by recognizing and supporting research-based instruction and by maintaining a collaborative learning culture and facilitating instructional leadership.

“The NNRDP provides professional development opportunities in effective instruction, collaborative learning, classroom management, and instructional leadership for our personnel. One hundred percent of our teachers, administrators, paraprofessionals, and instructional support staff benefit from this program.”

Curtis Jordan-Superintendent-Lander County School District
